

# PowerSchool Single Sign On

There are changes to the way you will access PowerSchool this year. Trinity Academy is now using the Single Sign On System.

What is Single Sign On?

- Single Sign On (SSO) is a system that allows parents to use one username and password to access all of their students' information, grades, and attendance.
- Replaces the current Parent ID & Parent Password

All parents and guardians will now need to Create a Parent Access Account

# How to Create A Parent Access Account

In order to create a Parent Access account, you must have an Access Account ID and Access Password for each student you wish to add to your account. This information has been sent home.

To begin, go to the PowerSchool Link on the Trinityk8.com Parents Portal
